

## Physics 4311: Thermal Physics – Feedback Questionnaire

---

Feb 13, 2026

### Lectures

- Overall level: **1** **10**  
too easy / rather easy / average / rather hard / too hard
- I feel I am missing prerequisites **0** yes (which?) / no **12**
- I know the math used in the lectures: **4** **6** **1**  
always / most of the time / significant gaps
- Contents: Of the material covered in the lecture, I already knew **4** **5** **1**  
all / most / some / a little / nothing
- Pace: The lectures are **10** **1**  
too fast / O.K. / too slow
- Books: I'm using the textbooks by **8** **4**  
Blundell+Blundell / other (which?)
- For following the lectures, the books are **8** **4**  
necessary / useful / unnecessary
- Further comments or suggestions concerning the lectures? (use back of sheet if necessary)

### Homework

- Overall difficulty (NOT the amount of work, see next point for this) **1** **10** **1**  
too easy / rather easy / average / rather hard / too hard
- Amount of work compared to other 4000 level classes **4** **7** **1**  
much less / less / same / more / much more
- Problem set descriptions: **0** too vague / sufficiently clear **12**
- Lecture notes are sufficient to do the homework **11** yes / no **1**
- For solving the homework, the text book is **9** **3**  
necessary / useful / unnecessary
- Further comments concerning the homework?
